

UBIQUINOL 100

Advanced Co-Q-10 Formula

Ubiquinol is the active antioxidant form of Co-Q-10 and is considered to be one of the strongest lipid soluble antioxidants. It is pre-converted, so it is easily assimilated and utilized by the body. Ubiquinol is a critical component of cellular ATP (energy) production within every mitochondria—the “powerhouse” for all cells—in your body. As a result, it plays a vital role in generating energy to power organs such as the brain, heart, kidneys, liver and lungs. The body’s natural production of Co-Q-10 diminishes with age, as does the ability to convert the nutrient into ubiquinol. While everyone is different, maintaining a healthy level of Co-Q-10 is very important.

- Protects your energy-producing mitochondria from free radical damage, thus indirectly supporting energy production.◊
- Is absorbed more efficiently than the standard Co-Q-10.
- Recharges other antioxidants in your body, such as glutathione and vitamins A, C and E.◊
- Supports cardiovascular and cognitive health.◊
- Promotes healthy lifestyles as well as increasing your energy and stamina.◊
- Is a major cellular communication substance, as it has been shown to activate nearly 700 different genes!◊

Ubiquinol 100 helps maintain a healthy body by giving you more energy and even better antioxidant protection.◊

Supplement Facts

Serving Size 1 Softgel Capsule
Servings Per Container 30

Amount Per Serving	% Daily Value
Ubiquinol (Advanced Form of Co-Q-10)	100 mg *

*Daily Value not established.

INGREDIENTS: D-Limonene Oil, Capsule Shell (Gelatin (Bovine), Glycerin (Vegetable), Water (Aqua), Caramel Liquid), Ubiquinol, Caprylic Acid (Vegetable), Capric Acid (Vegetable), and Alpha Lipoic Acid (Antioxidant).

US.SF2.MOD 1H

As with all supplements, please consult your physician prior to taking if you are pregnant or attempting to become pregnant, breast-feeding, under a doctor's care or taking prescription medication.

Allergy Information: This product is processed in the same facility that processes products containing fish/shellfish, soy and dairy.

The only ingredient from animal sources is: Gelatin (Bovine).

This product was not tested on animals.

DIRECTIONS: One softgel capsule per day.
